Paola Rodriguez: I am struggling with words to express my gratitude to you and to The Best Customs Course. Today is the most exciting day of my life (after my kids birth and our wedding, of course)! Thank you to all of you, especially Jessica for answering all my calls with all those technical questions. Thank you to your good heart and all of your knowledge. Thank you for your advice and support and for being so professional, tough, and at the same time kind, always kind! Thank you for believing in me. Everyone told me not to jump into a new field where I have no background or experience or knowledge. You taught me that discipline, responsibility, and hard work will lead to success. I will send everyone that I know your way, including my brother in law that has been in this field for 19 years, took the exam 4 times, and hasn't been able to pass. Finally, thank you supporting all of your students! I will be forever grateful. May God Bless You Always.

Kim Lyon, Fender Musical Instruments Corporation Trade Compliance Manager: "Thank you to The Best Customs Broker Course for helping me pass my exam! The October 2019 exam presented many process changes that could have thrown me off my game, but the advice given in this course prepared me for it! I think what helped me the most was the advice of taking the past exams in many different places – including noisy areas. Also, taking the past exams over and over until my scores were continually in the high 80s was invaluable. I was able to identify the problem areas by doing this, then I handwrote notes on these subjects to take to the exam with me. There are many things that helped, but I think these two were the most valuable. Please feel free to use my testimonial. Again, thank you for all your patience and guidance. It was a long process for me and you stuck with me through everything. . . . [later] . . I got my license today! Thank you so much for all your help. I couldn't have done it The Best Customs Broker Course."

Rana Zayour: Thank you to The Best Customs Broker Course for all of its support and also for the boot camps. I was beyond thrilled when I opened the mail yesterday and wanted to share the big news with you. I'm looking forward to applying for the license and finally a career in the field!!! Thank you once again. . . . [later] . . I received my license today! I

am officially licensed:~) I just needed one point to pass by appeal and I was granted that point!

Israel Rosenfeld, Innovative Carriers: Good News. I passed by appeal! Thank you for ALL your help and support. I would not have made it without The Best Customs Broker Course . . . [later] . . . I picked up my customs broker's license last week. Thanks again for all your help to pass the exam and for continuing to help me in my career as a customs broker. I must say that first time I felt confident that I would pass the test is when I attended the Boot Camp. I'm happy that I'm here. Thank you!

Margaret Henderson, Moog, Inc. Import Compliance: I received the letter from CBP stating I passed my exam by appeal! Thank you for all your help. . . . [later] . . . I was surprised that CBP did not give me question 53, but thank you for having me protest the math questions as those are the one's they gave me.

Tiffany Bibbs, BDP International, Inc. Transport Team Lead: I just got my email that passed my exam with my appeals!!!! Thank you so much for The Best Customs Broker Course and for all of your help!!!! . . . [later] . . . I just received the official letter. Yes, I only needed 2 questions. I received credit for questions 19 & 49. There are so many things that I thought were helpful with the course. But if I had to pick one thing, it was definitely the boot camp. I came in not knowing much about finding an HTS number or how to go through the General Notes. It was great to be able to talk to someone face to face to help with explaining the crazy Customs lingo. Thanks again for coming to Charlotte & providing the class. I'm sure our office would love to do it again.

Jaime Estrada: I just called to let you know that I passed the April exam by appeal. Thank you for your help!

Christopher Guzman, Assent Trade Compliance Consultants Founder: Great news!!!! I passed the customs broker exam!!!! Thank you to everyone at The Best Customs Broker Course for the continued support through the appeal and re-appeal processes. They have truly been great. They assisted me with realistic arguments to make on appeal. Everyone,

you do not necessarily have to argue that CBP's answer is incorrect. You can instead explain why another answer is equally acceptable. You can use the federal regulations to our advantage and plead your case! . . . [later] . . . After almost a year, I finally received my license! Everyone, please know that this goal is achievable with the hard work that I know everyone is putting into studying and supporting each other in social media forums! The Port of New York does not have the flags and CBP area to take photos anymore, but I got a CBP officer to take a picture with me. Thank you again to The Best Customs Broker Course for all the help!

John Pettibone, Saint-Gobain Corporation Director, Trade Compliance North America: I passed the customs broker exam! I missed only 18 questions for 77.5%. Thank you to The Best Customs Broker Course for all the help! . . . [later] . . . This is a photo of me getting my customs broker's license at the oldest customs house in the United States. It is located in Philadelphia. I passed the exam on the first try. Thanks for your support and great teaching. I could not have done it without you. Yes, you can use the testimonial. The CBP licensing officer in the picture with me told me 40 people took the exam in Philadelphia and 10 passed including me. That 25% pass rate is high compared to the 11 percent national pass rate.

Joe Antebi, Surfgistics, LLC President: So, I am officially licensed!! It was a long journey but I'm really proud of myself for following through and getting it done! Thank you to The Best Customs Broker Course for prepping me. And, a huge thank you to my family who kept me motivated throughout the process, and of course to this amazing Facebook group full of inspiration. Thanks again and the best of luck to all you future and current brokers!! <https://www.linkedin.com/in/joe-antebi-b0471611>

Sonia Jaime, MG Grupo Aduanal Customs Specialist: I passed the exam! Thank you so much for your help. I'm still crying! . . . The monthly boot camp and the weekly live classes were really really helpful! My problem was that I spent too much time on each question. However, your 2 minute-6 minute strategy that you taught us and that I practiced throughout the entire course made me really confident taking the real exam. Of course, I was also more prepared. Thank you again!

|

Victoria Ronderos, Omega Customs Brokers Inc.: After checking my answers several times to be sure. I have come up with only 15 incorrect responses so I believe I passed. Thanks for all your help.

Krysta Sparkman, CITGO Petroleum Corporation: I passed the exam!!!! Thank you so much for your help! I calculated an 82.5% score! I think the one thing that helped especially with this exam was following your timing during the exam strategy. It kept me from spending too much time on the hard questions that did not have clear answers so that I could get to the ones I knew where to find. About an hour in I realized I was spending too much time on questions and started focusing on pacing myself and choosing a best guess answer if I could not find a right answer timely. Your classification process sheet was helpful as well to keep me focused on the steps I needed to take to get an answer on the classification questions.

Chang Liu, Maxim Integrated Global Trade Services Manager: I passed with a score of 82.5% as predicted. The Best Customs Broker Course played such an important role to my passing the exam on the first try. There are so many ways that you helped during my three months of preparation. If I had to choose one thing that helped me the most I would choose the weekly live 4-hour classes. I could not attend a boot camp. However, during the weekly classes, (1) your step-by-step instructions of how to answer different questions, (2) being able to ask you questions and get your professional answers, and (3) listening to other students, helped me tremendously. It made me feel like I am not alone in the jungle. I especially want to say “thank you” for picking up my call 10 pm the night before the exam when the test center told me there is no exam on their event schedule. You even sent me an email 3 am in the morning telling me other students will be in the same test center. Without that I would not be able to sleep that night. Thank you so much for all your help!

Gustavo Aldrete, JAS Worldwide CHB: I passed! Thank you very much for all your advice and guidance! I will be eternally grateful! It means a lot to my family and me! Of course you can use my testimonial. The Best Customs Broker Course helped me in several ways, including the live and

virtual boot camps, the SourceList and the method of classification. You made everything so easy to understand. . . . [later] . . . Here is a picture of me receiving my customs broker's license! Thank you to for helping me make my dream come true.

Emad Guirgus, Business Owner: I passed the exam with an 80%. And, that is even with 3 questions that CBP says that I left blank. Thank you to The Best Customs Broker Course for all of the help! Great job.

Oscar Ramiro Garza, M.J. Carrillo Company, Inc.: Attached is my letter from CBP with respect to my exam appeal. I had to email them and ask for a copy because my letter did not come in the mail. I passed. Thank you for your help! Yes, you may use my testimonial. I'll send you a picture upon receiving my license from CBP. Again, thanks again for your help with the appeal process. A huge weight has been lifted off my shoulders.

Karla Sacasa: I passed!!!!!!!!!!!! Thank you!!!!!!!!!!!!!! They did not give me credit for any of the ones I appealed but they did give me credit for questions 35 and 44. Thanks God. You can definitely use my testimonial!

Tiffany Sellars, Terumo Medical Corporation: I passed the exam. The Best Customs Broker Course is exceptional. I know there is no way I would not have passed without this course. The boot camp also played a huge part in my overall score. Thank you for your help! :-)

David Snyder, MBA, DAC Vision, Inc. Customs Broker: I received my letter today and I passed the exam! Thank you for your help!

Lorena Knösel: I received a letter from CBP telling me I passed the exam. Thank you so much for calling me in July inviting me to the Laredo boot camp and thank you for your help in passing the exam! . . . I am so grateful for your phone call in July!! I had already put all of this behind and that phone call came at the perfect time. Thanks to you I started from scratch again after all those years and it paid off!! Of course, you can use my testimonial.

Scott Fife, Ernst & Young: I got my letter and I passed! Thanks a lot for your help, the boot camp and overall structure of The Best Customs Broker Course was very helpful and made the difference this time.

Melissa Golojuch, Barry Callebaut Import Export Department Team Lead: I received my letter and I passed! Thank you for your help!

Amy Xumei Wu, Mega Lion: I passed the exam. I am so happy. You helped me so much with classification. That was definitely my weakness before I came to The Best Customs Broker Course. Thank you for your help!

Brandon Boudousquie, SCM Solutions Corp.: I received my official pass letter. I made a 75 exactly on my first try. I could not have done it without your class. Thank you so much!

Elizabeth McGuffey, White Knight Engineered Products: I am ecstatic to inform you that I passed!! There were a great many prayers being said for me while I took the exam, and I was much calmer and clear headed than when I was taking all the practice exams! God is so good, all the time! I can honestly say that if I hadn't taken the Best Customs Broker Course, I may not have passed – the course schedule and boot camps were invaluable. Thank you for drilling it into my head to read, read, and read some more! There were people at the exam that had taken other courses and had taken the exam previously that didn't think they had passed. Yours truly is the best, in my opinion. Thank you for your support and encouragement over the past 18 months. I'm so glad I found and took your course and not another, less expensive, option! . . . You may absolutely use my testimonial.

Yvonne Hernandez, CEVA International, Inc. Brokerage Manager: I passed the exam! Thanks to Best Customs Broker Course . . . Of course, feel free to use my testimonial . . . [later] . . . I wanted to share this photo of me receiving my license last Wednesday. Thanks again to Best Customs Broker course.

exam. Where there's a will, there's a way. Never give up or get discouraged. It will not be easy. Nothing beats a failure but a try!!! I am a single mom of five children. There is no way I could have done this without Jesus! Also, a special thanks to The Best Customs Broker Course. This course has some great strategies, it is well organized, and has great reference materials. My weakness was classification (textiles) but after this course I became a textiles expert. I got all the textiles questions correct! Thank you for all of the help and service! Yes, you can use my testimonial. . . . [later she sent us pictures of her celebrating getting her license with her children] . . . Me and my 5 beautiful children! It was a joy to through this whole experience, and to share this moment with my children. I allowed them to see me work hard to achieve my goals in my career. As I teach them to do the same set goals and achieve them! No excuses! I'm leading by example. Full time mom, full time employee and I am also a full time student in my bachelor degree program!! Set goals be dedicated and you will go far! Be encouraged stay focused trust and believe you can do it!!

Alfredo Fierro, Sumitomo Electric Wiring Systems, Inc. Customs Compliance Specialist: Good news. I received my letter from CBP today and I passed! I am so happy! Bobby Sanders, BDP International, Inc. Logistics Coordinator: Thank you so much for your course and for helping me with my appeal. I would not have been able to pass this test without your help.

JD Martin, OceanLink Global, Inc. President: I received my official U.S. Customs Broker License today!!!! Thank You so much for all of your help and for all of the time you put into teaching the correct way to study for the exam. I have to say that in the beginning I was skeptical and I thought I had better ways to study and to learn things. Good thing I did not give in and good thing I listened to you and did it your way. I really don't think I would have passed the exam on my first time around. Thank you again so much!

Juan Antonio Lazalde, Sony Electronics, Inc. Director of Operations: I passed the exam. Thank you very much for all your help.

[William Thrasher, Franklin Electric Co., Inc. Erica Cain, Airgas International Trade Compliance Specialist: I received my official letter in the mail today! I PASSED!!!!!! I thought I had missed it by 2 questions but my official letter stated I passed! Thank you for the exam-taking techniques that you provided. Exam takers, know that the techniques used when taking the exam is what will make the difference. This was not my first time taking the exam. I tried a different broker exam prep course before and it was not designed the way The Best Customs Broker Course is designed. After taking The Best Customs Broker Course, I had a better understanding. I learned how to take the exam. I learned how to manage my time while studying and while taking the exam. This course made a big difference. A combination of prayer, dedication, the course workbooks, constant communications provided by the course (4-day boot camps, monthly 1-day virtual boot camps, weekly hour-long, conference calls, online course, emails, etc.), made me successful on my second try!!! Thank you!

Shelley Staggs, CEVA Trade Compliance North America Logistics Manager: I received mine and I passed! Thank you for your help! . . . Thank you and yes, you may use my testimonial. Maria Fernanda Mejia, Mejia y Sucesores, S.C. Agente Aduanal (licensed customs broker in Mexico): I passed the exam!! I was given credit for questions 10 and 43. I want to thank you so much for all your help. I definitely could have not done it without you. I appreciate your time with me working on my appeal at the Cancun Boot Camp and your availability during classes.

Jesrel Mitre, HARMAN International U.S. Customs Compliance Specialist: The Best Customs Broker Course was the greatest stepping-stone in my journey to passing the exam. The course has great instructors and amazing mentors, but it is not easy. It is no mystery why the four-day classes are called "boot camps". They are extremely challenging but, in my opinion, exactly what is needed in order to prepare for the exam. I failed the exam the first time I took it. I should have appealed then but I did not. I failed the exam the second time I took it, but that time I did appeal my score. TWICE! The first time I appealed, I did not receive credit for any of my appeals, zero, none. But, I did not give up. I sent my second appeal to the next level, CBP Office of Trade Executive Assistant Commissioner. I received credit for 3 out of 6 of my appeal arguments! I finally passed! I felt like a winner. Moral of the story: Never give up. Always appeal and do not feel disappointed if you fail. Thank you to the Best Customs Broker Course!!!

Lydia Luk, Owner , Elleo Global, Inc. Owner: I passed on the first try thanks to The Best Customs Broker Course team! I would NOT have passed without this course. At first, I felt overwhelmed, but as I started tabbing my materials and learning where everything was I gained confidence. I watched the recorded lessons and took practice exams and came to the weekly conference calls. It was nice to know there is a weekly support system. I went to two Boot Camps. Boot Camps are tiring but the support and guidance provided could not be gotten elsewhere. I also felt overwhelmed having to carve out four hours to take practice exams and wondered whether doing so would help. IT DID! By the time I was on my third practice exam, I was comfortable with the four-hour exam format. The skills and the strategies taught by The Best Customs Broker Course helped tremendously. I recommend this course to anyone who is interested in passing the customs broker exam! . . . [later] I just wanted to send you a quick note to let you know my customs brokerage is officially open for business. :) Thank you again for all your help and support! Crystal E.: I took the customs broker exam in April 2016. I passed the customs broker exam by appeal!! I am SO SO excited! I only needed credit for one question to achieve a passing score. CBP gave me credit for two of my appealed questions, so my revised exam score was 76.25%. Thank you so much to The Best Customs Broker Course for all of the guidance provided throughout the course. . . . [later] . . . In April 2017, I finally had my interview with CBP. The interview with two CBP officers took about 25 minutes, and they did not ask me any questions beyond what was included in my application paperwork. Partially because of getting my customs broker's license. . . . [LATER] . . . I was recently told, "Susan does know her classifications." I was very proud! Marcos Guevara, Origins Company Sustainable Direct Trade: I passed the exam! :-) Due to many reasons, I only had 6 weeks to prepare for the exam. I can honestly say that taking The Best Customs Broker Course was a key aspect of my success. Even if I'd had months to prepare, there simply is too much information to humanly manage without a framework - the "open book" exam tested my limits. The preparation still required a huge commitment; I studied for many, many hours, both after work and on weekends - I even took some time off to be able to dedicate more daylight. The approach that the Course imparts ensured that I focused my effort optimally and reduced a lot of anxiety that would have made the exam impossible to overcome. . . . [later] . . . I'm a Licensed Customs Broker now! One more step in support of Ethical Trade. Be the Change! It was tough, especially on such a short timeline. I started preparing for the April 4th exam on March 12th. However, I am now licensed by the U.S. Customs and Border Protection! Thanks to Jodi Schneider for encouraging me and to the Best Customs Broker Course for helping me prepare for the exam. And, to my family and friends for putting up with me that month!

Renny Liu: According to the official answer key, I got 11 wrong. So, I passed!! Thank you so much for your help!!! :) . . . [later] . . . Thank you for all your help! I finally received my license today!!!

Mike McClellan, Acts CHB Inc. Vice President: According to the Best Customs Broker Course Consensus spreadsheet, I've missed 17

questions. I missed a whole lot more questions than I wanted to miss, but a passing score is a passing score! ... [later] I received my letter today. I passed!! You are the best.

Michael J. Garofola, Esq., Acreage Holdings, Inc. Senior Deputy General Counsel: I am writing to share the good news: I passed with a 92.5%! Thank you to the entire staff at The Best Customs Broker Course for creating such a detailed and structured plan for succeeding on a tough exam. Thanks to the course, I had the discipline to keep taking exams and practice questions, rather than just study the topics ad nauseam. Additionally, the boot camp in Austin really nailed down everything for me and helped me decide on a game plan going into exam day (classification last). Thank you again. . . . [later] I received my license! Thank you again for your help!

Mike Hayzlett, Samsung HVAC Supply Chain Management: I am happy to report that I received a passing grade through the appeal process. I appealed 3 questions, 15, 18, 20 and received approval on 2, 18, 20. Thank you for all your help during this process. Without your help and assistance it would not have been possible for me to pass this test. I truly appreciate your help Of course you can use my testimonial. I was close to giving up, but I really wanted to achieve the goal and was able to with your assistance.

Renee Chiuchiarelli, Raytheon Export -Import Control Manager: I received my appeal letter today!!! I passed the exam!!! I received credit for two of three questions I submitted. Jesus Eduardo Saldana Quezada, Joffroy Group U.S. Customs Operations Manager/License Holder: I needed to speed up in record time for CBP compliance and decided to sit for the U.S. Customs Broker License Exam. The expertise and the training program at The Best Customs Broker Course far exceeded my expectations. Not only did I pass the Customs Broker Exam, I also learned about CBP compliance and regulations. Thank you. You are fabulous! You are an excellent and patient teacher/instructor. You really want to see people succeed. Thank you!

Royal Wright, Hill Brothers Custom Brokerage Supervisor: Thank you. You are always part of my story when I tell someone about getting my broker's license. You insisted that I protest more than two, and I am so glad that you did because CBP only gave me one of the first two that I thought were so perfect. The other point they gave me is one of the other questions that you helped with. Thanks again. . . . [later]. . . I still tell people if it was not for you I would likely not have gotten my brokers license. Continued success! God Bless.

Jeff Schroeder, Sigma-Aldrich Corporation Project Manager: I passed the April 2015 exam. You can add me to your list of students who have already passed the exam. . . . Thank you. I have been so excited since I got my letter. I passed the exam with a score of 81.25%. My company is looking to expand their brokerage practices, which I will be directing once I get my license. With that expansion we will be encouraging more of our employees to obtain their licenses as well. Needless to say, your course will be a mandatory part of that process! . . . If you are considering on taking the CBP broker exam and want the best chance of passing, I cannot recommend The Best Customs Broker Course enough. Eight months ago I had no import experience whatsoever and was only nominally familiar with the HTSUS. The Best Customs Broker Course gave me the tools and instruction I needed to prepare and pass on my first attempt. Make no mistake, this is a huge undertaking. I personally put in over 100 hours of studying in 6 months, but it was well worth it. . . . [later] . . . I just wanted to let you

know that I am officially a United States Licensed Customs Broker!!! The process went MUCH faster than I expected. I submitted my application 5 weeks ago. I had my interview on Oct 8th and just received a phone call from my interviewing CBP officer who told me that he had my license on his desk, and I was welcome to come pick it up. Veronica Palacios, Celestica LLC Senior Manager, Global Trade

Compliance: I just received the letter from US CBP yesterday and it is with great pleasure to share with you that I passed! Given that this was the first time for me preparing and taking the exam, the process was certainly intensive, but I enjoyed the whole experience. I was hesitant to take the April exam, since I just started studying in February, but I have to say...amazing things can happen with encouragement, determination and family support. days. Also they didn't call a single one of my references and that surprised me a little. Just want to let you know. Thanks.

Terry Blake, Chromalloy Gas Turbine LLC: I am happy to report that I passed the exam! Thanks to The Best Customs Broker Course! I just wanted to let you know that I passed the exam! Without your course, I would have had no idea what to expect much less how and what to study for the exam. The information disseminated in your course puts your students way ahead of others in terms of organization of the HTSUS and the CFR, preparation for the exam, and the actual taking of the exam. Your course allows individuals who are working full time to study on their own schedule but still keep current with the course. I worked hard to prepare for the exam, but I have no doubt that had I not taken your course and attended boot camp, I would not have passed the exam. Thank you so much for offering this course. Traci Davis, TaxFree Shopping, Ltd. Director of Business Management: I PASSED THE OCTOBER EXAM!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! Someone from Customs in Washington, D.C. called me and said that I passed the appeal. He wanted to let me know over the phone since it could take a few weeks to receive the letter in the mail so I didn't sign up for the April test and pay the exam fee again. He said to be patient in receiving the letter, and the investigation process into my background would begin almost immediately. Thank you so much for all your help during the boot camps and appeal process! Thank you again so much!! I can't believe that I was able to pass that test with only two months' worth of studying and no prior import experience (export only). The biggest things that helped me was attending the boot camp before and after for the appeal process. You helped me get organized. I used special tabs I ordered off EBay for the

HTSUS and CFR, the CFR quick reference guide that I typed up, and color-coded chapter and section notes in the HTSUS. For example, underlined terms would be highlighted in green, Heading and Subheading numbers would be highlighted in pink, and things not included in a chapter/section would be highlighted in yellow. I also marked certain pages in the CFR where material had been tested over a lot. The cheat sheets helped a ton too, especially for calculating transaction value. I still felt weak on the classification section going into the test, but I knew that if I was able to find most of the answers for the other sections then I could get close enough to pass or appeal, so that was my focus. . . . [later] . . . I received a call late last week from Sean McClaskey at Customs in D.C. letting me know that my Customs letter had been approved/signed and would be mailed out immediately. I received this letter on Wednesday letting me know the results of my appeal. According to the letter, it states that I received credit for all 4 questions that I appealed and my final passing score was 78.75%!!!! Woohoo! Thank you again for everything!! . . . [later] . . . Just received an e-mail from CBP telling me that they have my customs broker's license ready to be picked up!! Thank you again for all your help, I appreciate it so much!

John L. Miller: Just got my letter yesterday. I PASSED! Your method of approaching the classification questions is the only way to give yourself a legitimate chance to consistently answer them correctly. Thank you.

Afton Mortensen: I received my letter yesterday and am happy to say I passed the exam! Thank you! It must have looked like I knew what I was doing and like I was very prepared, because I had another test-taker come up to me after the exam and ask how many times I had taken the exam. He was pretty shocked when I said this was my first time, and then proceeded to ask me what I did to prepare, when I told him about your Boot Camp. All of the training with the practice exams made it easy for me to organize my time when the actual test came around, so once I had completed the exam I actually had a lot of time to go back through the tough questions. Thanks again. ... [Later] I finally received my license - thanks again for all of your help! ... [Later . . .] I successfully passed the US Customs and Border Protections Customs Brokerage Exam in 2013 with a score of 81.25%, more than 6% above the passing rate. With the help of The Best Custom Broker Course, I was able to pass the exam on my first attempt with no background in the industry. After an extensive background investigation, I received my license in March of 2015.

Rose Paige: I passed the April 2014 exam!!! I believe this happened as a result of attending The Best Customs Broker Boot Camp. The boot camp really helped me with preparing by replicating the exam room scenario and forcing me to focus for 4 hours at a time on taking the exam. That was so valuable and critical to passing the exam.

James Masek, International Traffic, Uniden Financial, Inc.: I failed the October exam by one question. On Friday 4/4, I received a call from CBP in DC saying that they would grant me credit for question #5 which would bring my failing 73.75% to a passing 75%. He said that I should receive a letter in a week confirming my passing grade. ... I got the letter

confirming my passing grade today. The instruction and resources you provided were invaluable and proved key to my passing.

Milos Korda, North Carolina State University Business Administration International Studies -- International Economics and Environment: I just received confirmation that 2/3 questions I appealed granted me a passing score on the October 2013 exam!! I just wanted to let you know and thank you for your class and everything you have done to prepare us. ... [Later] ... I wanted to let you know that I received my license today! Thanks for everything and all of your help.

Mike Andre: I received my letter telling me I passed the exam when I got back from Christmas vacation. I heard that I was one of only six of sixty-six who sat for the Houston exam, equaling a 9% Houston pre-appeal pass rate (11% for the U.S. overall). The four days off of work to attend the Dallas Boot Camp got me started on the road to success. My biggest praise for the "Best Customs Broker Course" was that I passed with only 1.5 months of studying in my entire life, but this only reinforced your recommendation that 3 months of serious studying, including taking 10 practice exams, is the best way. I only had time to take 7, but the constant guidance from the weekly conference calls helped bridge the gaps. The reference material provided by you and your students was a huge aid. One example, I used the 19 CFR Index with its short summaries of information to answer a number of questions in seconds. I heard from numerous test takers that had NOT gone through your course that they did not have time to answer all the questions, whereas I ended up with 25 spare minutes to go back and review the tough questions that I had marked. The instructors always went above and beyond the call of duty in answering student questions. Thank you!

Marco Suarez: Yes!!!! I passed the exam. 65/80. Thank you for everything you have done and continue to do for me. It's been great meeting you and I hope to continue to in the future. I couldn't have done this without you. My dad couldn't stop crying of joy and my phone has been ringing since I told them the news. This accomplishment gets me closer to my goal of being a licensed customs broker.

reminded me to not give up. There are only TWO people that I give credit to helping me achieve this great accomplishment with and you are one of them. :-) Something I will always remember, no matter where I go in my career. :-) So thank you. . . . [later] . . . After countless sacrifices, I am excited to say, I am finally a Licensed Customs Broker. I couldn't have done this without the support and assistance from you. You took countless phone calls from me. I called you about exam preparation, exam guidance, or broker license application. Thank you so very much. You have been a blessing and I could not have done this on my own without you.

Joe Valentine: I passed the April 2013 Customs Broker's License Examination, following a second appeal. ... Yes of course please feel free to use my testimonial. And thank you to The Best Customs Broker Course for a very useful and helpful course. . . . [later] . . . I am glad to inform you that I graduated with honors, a semester early, from law school. I plan to take the bar in Feb.

Carol White: I received my letter from CBP today and I finally PASSED the exam!!!! Thank you for your encouragement. You taught me how to classify and made me focus on the CBP answers while leaving my opinion out. Thank you, thank you. ... Yes, please use my testimonial!

Latoria Williams: It's official: I passed the exam! . . . The boot camp and homework and retakes were definitely my lifeline. Timing was crucial. I felt I was prepared as I could be . . . Out of the 1,397 test takers, only 11% passed. I'm so grateful I'm in the 154 who passed! I passed on my first attempt too! . . . Thanks so much for your support! [. . . later . . .] I received my license today! Only 3 months! Excited! Yeah! Check out my title in my signature! YES!

Elisabeth Fornes Schiller, Saint-Gobain: It's official! I passed the exam. I am so happy right now! I attended almost all of your conference calls. The Boot Camp was a great use of my time. The team brainstorming was great. This is not an easy exam, but I passed. Thank you. ...[LATER]... I just received my license. I passed the October exam, I was fingerprinted

at the end of March, and I received my license on April 4th. I am happy . . .

Alejandro Federle, Volkswagen Group Customs Specialist: I wanted to let you know that I received my scantron sheet in the mail and I passed the October exam. I know I could not have passed this exam without your help. While this test has been frustrating at times, I really enjoyed the two trips to Orlando that I made to attend your boot camps. If I could offer any advice for the class in the future, it would be to focus heavily on the informed compliance publications. I found much of the more difficult material on the exams to be taken directly from these documents. Please count me in your pass rate and thank you for all the help these last few years! ... Definitely, go ahead and use my testimonial! Thanks again.

Tom Simpson, Signature Products Group International Trade Specialist: Your help is appreciated and I am so happy to have passed. Thanks again for your help and expertise. I could not have done it without the amazing Best Customs Broker Course. I was able to move to a new position as Customs Compliance Manager and this is in no small part due to the fact that I passed the exam! . . . [later]. . . Thank you for another year's worth of great webinars! I appreciate all of the hard work that goes into them and I am grateful that you are willing to offer them to students of your amazing course. Please count me in for next year's webinar series. I owe a lot of my professional career success to your course and your teaching methods. The Best Customs Broker Course was an absolute game changer for me professionally. I can't thank you enough for your help in preparing me for this exam. I continue to tell everyone I can about the course and how it's changed my life for the better.

Sam Hajezie: I am happy to let you know I passed the exam. I could not have passed this exam without your help. The great Best Customs Broker Course showed me how to study. I studied hard, but your help was unbelievable. You care so much for your students. This is a unique quality in this time and age. Your course materials are fantastic and easy to understand. I studied 3 to 4 hours a day for two months. The best way to study is to read the questions thoroughly and understand what the question is asking. When I was studying, I took a previous test questions

and used your course materials to figure out the fastest way to answer the question. Your course is awesome and helped me tremendously. Without these course materials, I would have been very lost. Oh my God, your course materials were my bible. Thank you for making it easy and for giving us your good karma. You are unbelievably smart and kind. You are an instructor and a friend. You wish nothing except for your students' success in life and in this exam. Your course is the best and that's why it called The Best Customs Broker Course. I am so happy enrolled and I learned so much. Thank you again and again. . . . [later] . . . Attached is a picture of me and my broker's license. I want to thank you for making this possible. Without your help and your great teaching I would not have done this. You are very special in my heart and may God bless you and your family.

Jim Durfee, MeadWestvac Director Supply Chain Operations at MeadWestvac: I wanted to let you know that I passed April exam after protest (2 questions). You and your course were a couple of big reasons that I passed. Thanks.

Sharon Windrix JW Nutritional LLC Accounting Manager: I just received letter from Customs that they granted my appeal of question 33 from April 2013 test so I have now passed the exam. Thank you so much for all you have done. I do not regret the boot camp last week or the studying I have done to date as it was all making so much more sense to me this time around. I feel like I really needed it. Thanks again. That makes two of us from our company, Cassandra Benn, and I, that passed first time with your help.

Bettina K. Klein, Northrop Grumman Systems Corporation Logistics Management Analyst II: Of course, you can use my testimonial! Thank you so much for helping me achieve this goal!!! You are the BEST!!!

Bina Shah: I passed the April 2013 customs broker license examination. Thank you for your encouragement and your patience throughout The Best Customs Broker Course. Your good positive attitude towards students gave me the self-esteem that I needed. Your tailored program

helped me to pass this test. You were always there 24/7 to answer any questions related to the exam. Your test taking strategies, boot camps, conference calls, and recorded calls really helped a lot. I would encourage everyone to take The Best Customs Broker Course. Of course you can use my testimonial. Because of your guidance this became possible. Again, thank you!! [later] Hooray!!!!!!!!!!!!!! I received my Custom Broker License today!!! Thank you for your help & guidance. It took six months and I applied through Chicago. [later] I took the exam in April 2013, I applied for my broker's license in June 2013. I received my license on December 26th, 2013. On the same day, I applied for a local permit, and received my local permit on January 29th 2014.

Lisa Fiacco-Fochezato, Datamax-O'Neil: I passed the exam. I scored 85% based on the published answers!

Antuan Zamudio: I just received my appeal letter response today, and I got credit for question 17! I passed with a 75%. I took the October 2012 EXAM and I know I couldn't have made it without the prep course and without the help of all your staff. Thanks for the Dallas boot camp. That is definitely the best way to study. The Boot Camp helped me even more because it was only a week before the real exam. Thanks for Everything!

Scot Sauer: Finally, I think, good news! CBP returned my call and looked up my name and said "Can't give you the results over the phone but you are good." "You are fine I would not worry at all." He said he has the letters and they are getting ready to mail them out and will have them by the end of the week. Exciting stuff! Thanks!

Lisa Empey, Axon Enterprise Inc. Global Trade & Compliance Manager: I received my letter from Customs yesterday and I passed the Oct 2012 exam with my protest. Thank you for the wonderful guidance and helpful hints.

Matt Piersal, C4 Forwarding: I called back today and spoke to Anita Harris and she said I passed with a 75 so I do not need to take

tomorrow's test. I should have letter later this week! Absolutely, you can use my testimonial! Thank you for all your help. . . [later]. . . I wasn't in a real hurry to apply for my broker's license and so I waited a year and submitted my application in March. Here's where it gets interesting. I had a very brief interview with CBP several weeks ago and received my license today! None of my references were called so not sure if they have streamlined the process here in Dallas but from the time I sent in my application/fees, it took about 4 weeks. Anyway, thought you might find this interesting. Thanks again for your class and all the help!

John Kim, American Customs Logistics, Inc. Import Manager: I got a call from CBP last Thursday saying I also got credited for 2 questions. I now have passed due to your class. Thank you so much. ... [Later] Thanks once again for helping me pass the customs broker exam. I just received my letter stating that I passed. Thanks again!

Barbara D. Kent, Celanese/US: I PASSED the October 2012 broker exam, my 1st time taking it! CBP called me yesterday and said they were crediting me with that footwear question, I believe # 17 (the one that you whole heartedly disagreed with CBP) and # 72, which was also footwear related. Thank you for teaching me how to pass this very difficult exam, (ON MY FIRST TRY) because I know I could not have done it without your classes. Your help with my protests also ensured I would pass and I cannot thank you enough. I give 100% credit to The Best Customs Broker Course for my ability to pass the exam on my first try.

Teresa Eland: I passed the exam. Thanks!

Deepak Mulchandani: Hooray! I passed the Customs Broker License October exam! I would like to thank you for The Best Customs Broker Course, the conference calls, Boot camp, on line course and your guidance through this long and arduous journey to success. The practice exams, the on line course quizzes and, of course, your guidance during the weekly calls made the difference. . . . Yes, of course you can use my testimonial. If there is anything else that I can do, will be happy to do so. Thank you!

Janice Owens, Georgia Gulf Chemicals & Vinyls Customs Administrator:

Scratch my name off the list, because I'm another one of your statistics - I passed too! Thanks bunches. ...[Months later] I passed the October 2012 brokers exam, and have worked for an importer forever. The Best Customs Broker Course has a broker exam boot camp that ROCKS. Intensive four-day interaction with the attorney teaching the class, and a room full of other folks in the same boat as you are. The course also has weekly conference calls. In those calls, students go over classification questions and collectively come back with solid information and skills. I took the course and would recommend it. The Best Customs Broker Course is the ROCKSTAR Broker program!

Yumiko Kyan, K Line Logistics USA Inc.: I did get my official letter. I passed! I am so relieved. I cannot thank you enough for all the guidance you have provided. The Best Customs Broker Course is very intense and it helped me a lot. I especially liked the weekly conference calls because I was able to ask questions and get answers. During the conference calls and the boot camp, you provide some of your own experience and that helped me to understand the concepts as well. I am proud to say that as your student I was able to keep your 95% pass rate going! I am so ecstatic right now, I am 1 step closer to becoming a LCB. Yes, please use my testimonial. I have been recommending your course from the time I signed up for it. Thank you, thank you, thank you!!!! ... [later] I just wanted to let you know that I went to CBP this morning and picked up my license. It took 11 months but it has finally come. What a relief. Thank you very much. I couldn't have done it without your help.

John Min, Aloca Fastening Systems: Looks like I passed! Did not do as well as I thought I had, but I passed - 83%. Thank you for your patience and your knowledge! I will keep in touch! ... (a year later) ... I would like to inform that I received a call from CBP yesterday that my customs broker's license was finally ready! I picked it up yesterday at the port of Los Angeles/Long Beach. It was a very un-ceremonial and simple process. They checked my driver's license and signed a couple of forms. ... Absolutely, you may use my testimonial. The Best Customs Broker

Course was of great help!

Wendy Wu, Addison Global LLC: I just received a Customs letter and I passed the exam with a score of 85%. I'm so excited. The boot camp, homework and 10 exam assignments are extremely important for pass the exam. Thanks so much for your patience and guidance and encouragement. You're the best instructor. The Best Customs Broker Course is definitely the best course. I couldn't have done it without your help. Thanks again for everything.

Destiny Campbell, Shipping International: I have received my letter from customs and I have passed the October 2012 brokers exam. I wanted to thank you as there is no way I would have been able to pass this test without your help,. Your classes and devotion that you give to each and every student is what makes the difference. I used your steps in classification, regulations and trade agreements on this test and I would have been lost without them, your program truly helped me pass this test. Thank you so much for all of your help and concern with making sure that I understood each and everything you went over on previous exams and general questions. Again I couldn't have passed this exam without you and for your help I am truly grateful. ... [later] On a lighter note yesterday I was awarded my import license and I wanted to say thank you so much I wouldn't have been able to accomplish this without your help and I am truly grateful.

Sandy Pray, The Jones Group: I passed the exam. I can't say enough about The Best Customs Broker Course, the homework and the study guides. It really helped me break years of bad habits and figure out how to take a test.... and pass. Thank you for everything the course really helped.

Student: I received my letter from Customs yesterday. Thanks for your help learning how to study!

Shawn Levsen, UPS: Just got the letter - I passed. I don't think I could have done it without The Best Customs Broker Exam Course. Thanks!

|

Patrick Reilly, CEVA Logistics Import Specialist: I received my letter yesterday and officially passed with an 82.5!! Your class was so helpful and I have been recommending it to everyone who has been asking me about the exam. I am so glad I raised my hand the day my manager asked who would be interested in taking a brokers class. At the time I didn't know how much I would get out of it. I have only been in this industry for two years as of last week and now can apply for my license. Thank you for everything!!

Anne McGrath, Jones Apparel Group Director, Vendor Operations/Supply Chain Security: Thanks ... I received my letter today and passed.. Thank you so much! I attribute this to your class and attending your boot camp. Great Job!

Tricia Kent, Tucker Rocky Distributing Import Compliance Manager: It pleases me greatly to inform you that I received my letter today and I have passed the exam. Bruce would have been so proud of me. I am very proud of myself as well. I want to thank The Best Customs Broker Course so very much for your course. Your tutoring was utterly invaluable! I truly can't thank you enough. I also want to say thank you for believing in me. That means the world to me. Having passed this exam will open so many new doors! YOU ARE AWESOME!

Carolyn Kim: I received my letter from CBP today; I passed the exam on my first attempt!!! I greatly appreciate all your help! I'm glad I signed up for The Best Customs Broker Course. I can proudly write that I passed the exam on my resume until I receive my license next year. Once again, thank you for all your help and let's keep in touch!!! :)

Derek Weaver, WEST Forwarding Services Senior Account Manager: "I have received my official letter notifying me of passing and just wanted to take a moment to say THANK YOU! The test is not easy. The Best Customs Broker Course is not easy and neither is the homework. However, by taking your class and learning the heavily tested areas it helped me to have a more focused method of studying for the exam

overall. I was able to devote time to those areas while still making sure to focus on the lesser-tested areas so any “curveballs” on the exam didn’t have catastrophic consequences. Others have said it and I will agree as well – the boot camps are invaluable! Jobs, families and social activities all interfere with even the best plans to study. But, at the boot camp work email isn’t visible, the phone isn’t ringing off the hook and you can take the much needed time to focus and get the feel of what it will be like on exam day. I am happy to see you will be adding tutors to boot camps as that will make them even more of a benefit than they already are! I came to your course on the recommendation of a colleague who took your course and passed the exam after I tried another course. Your course gives the methods and guidance needed to pass the exam – I am now proof of that! Thank you again!”

Jeferson Perin, Red Digital Cinema Global Trade Specialist: Just to confirm, I PASSED!!!! Thank you so much for showing the way, for sharing your knowledge and helpful hints on how to stay calm and to be prepared! Absolutely, you can use this testimonial. Let me know if you ever need anything from SoCal, or me. ... (later) Hello... I just wanted to let you know that I received my license today. Thank you for everything!!!!

John Min, Aloca Fastening Systems: Looks like I passed! I did not do as well as I thought I had, but I passed - 83%. Thank you for your patience and your knowledge! Thank you again for all your help! We'll keep in touch!

Blake Denzer, Zale Corporation Senior Trade Compliance: I passed! Thank you very much for your help and advice! It definitely paid off.

Naomi LaBonte', Proven Logistics Solutions LLC: I passed!! I am so happy. Prayer and study works! According to the exam answer sheet compared to my answers I got 62 right – 18 wrong. Your method truly works. I can’t believe I passed on my first time taking the exam. I very much appreciate The Best Customs Broker Course and all you did to assist with my study efforts. Thanks for everything, it has been a

pleasure working with you. I'm happy to have you use me as a reference. If I can help in any way, please don't hesitate to let me know.

Bruce Baker, Tucker Rocky Distributing Vice President of Operations: I can't believe it - I actually passed. I have never (repeat never) walked out of a test not knowing what the result would be. I was totally sure that I had my lunch handed to me - especially because I did such a poor job on time management. I was hoping to hit 50 right - which at least would give me confidence going into the Oct exam. Anyway - barring a retraction letter - U.S. Customs says I passed.

Jenny Lee: I got my letter and I passed the October exam in Los Angeles! I'm so ecstatic and grateful to The Best Customs Broker Course. I know I couldn't have done it alone. I would recommend to anyone that they take this course, and definitely go to the boot camps. It really helps you focus in on areas of study and prepares you for the big day. Thank you!

Erik Steffenburg: Thank you to The Best Customs Broker Course. I took the exam and passed-sounds like I'm one of the few. Your course as well as the boot camp were invaluable in preparing me for the exam and understanding what it was I was reading. I'm seeing notes that as few as 20 people passed nationwide - and that only 1 passed before they threw out the 2 questions. Any idea how to confirm these numbers? If only one person passed before they threw the 2 questions out, that person was me - I ended up with an 82% overall. I'd love to be able to pass that on to my bosses. Thanks!

Karen Kieffer, ATS International Service, Inc.: I wanted to let you know that I finally was able to reach someone at customs and was advised that I have passed the April 2010 exam! Thanks for you help!

Lorena Dominguez, Index Fresh Accounting Supervisor: I PASSED THE EXAM!!! Thank you so much!! ... [One year later:] I just had my last interview, hopefully, I'll hear soon about my license!]

|

Kaye Mortensen, BMS Customs Trade Director: I got my letter today indicating I passed the exam. I couldn't have done it without taking The Best Customs Broker Course. Attending the Boot Camp and learning how to organize my test materials was key. I do sincerely believe that I could not have done it without your course and boot camp. Many, Many Thanks.

Linda Muccio, OHL Global Freight Management & Logistics Import Manager: I PASSED THE EXAM!!!! Thank you to The Best Customs Broker Course for the guidance and help. Best course I ever took!!

Meng Chau: I just received my letter telling me I passed. Words can't express how happy I am right now! Thank you! Thank you! Thank you!

Irene Silber, Air Whale Logistics Vice President: I received my letter today. Passed after 4 weeks of independent study and 1 boot camp. Thanks for your help.... Yes, of course you may use my testimonial. Also, in case you want to use this information, another broker course turned me down when I asked to enroll in their course. They said it would be unethical to provide their materials at such short notice because I would never pass.

Michelle Wise, Goodrich Landing Gear International Trade Compliance Specialist: I just got my letter and I passed with a score of 83.75%. Thanks. This was the first time I have taken so I am really excited. Please feel free to use my testimonial. I appreciate your help.

Ryan C. Supek, Volkswagen Group of America, Inc. Customs Specialist: Got my broker exam results back last night. Passed with 90%. First time! Thanks for your help and the class!!

Sandy Meredith, Carhartt Inc. Customs Compliance: FINALLY! I received my letter yesterday and now thanks to you I can celebrate passing the exam! Please count me in your number of students taking The Best Customs Broker Course and passing! Thank you so much! Yes, please use my testimonial and if anyone wants to call me, give them my number! I thought of your broker course when I was taking the exam in Louisville

and I wished all the 25 students could take your course, especially the one that was there for the sixth time! I gave her your website.

Richard Ewald, Emerson Control Techniques Trade Compliance Manager: I attended two boot camps—one early on in my training, and one shortly before the exam. Ruth earned the special nickname “Ruthless” in my head because she forced me in those two boot camps to take a full 4-hour exam every afternoon and study every night. Then in the morning, we went over any questions we had, and were able to collaborate with colleagues and share techniques and strategies. This experience was invaluable. Do not take The Best Customs Broker Course without attending at least one boot camp. Each week of boot camp is worth probably 3 months of trying to study at work or at home and avoiding the distractions they provide. With this help, I passed easily with 87.5% on my first try.

Kristin Brown, International Paper Company Import Procurement COE

Manager: I passed!!! 83.75% Finally, I have proof that I know what I'm talking about. Thank you for all of your continued support. You can absolutely use my testimonial. I am so grateful for The Best Customs Broker Course. This is an amazing course lead by knowledgeable instructors. Thank you for all of the support, training and knowledge you have given me. Most importantly, thank you for just believing in me, this is something that has kept me moving forward each time . . . [later] . . . Congratulations to everyone that has passed the exam. It is such an amazing accomplishment. For those that have not passed the exam, do not give up. If you want it, keep at it until you achieve your goal because it is worth it. I failed the exam twice. First time by two questions and the second exam for one question (for silly reasons). The third time, I passed with an 87% in 2011. A year later, I was at the post office alone and I opened my envelope and carefully removed the folder and just cried, all while having the largest smile on my face. There I was in the middle of a busy post office during a high traffic time, in a big city, while making a fool of myself and I didn't care. I wanted to shout my success from the mountain top to all that could hear me. A stranger approached me and said, “Miss, I am not sure if I should comfort you because of your tears, or tell you how beautiful your smile is, but are you okay?” I explained to her

my accomplishment and then I said, "Can you please take my picture as I hold my license?" Tears falling onto my face, down to my shirt and I was cautious to not allow a tear to shed onto my license. I was like a kid all over again and I realized that it was over...I finally did it and I no longer had to struggle and it was worth it. Thank you for all of the support and guidance you have continued to give to me through the process and throughout my career. This license is an amazing opportunity to boost your career!

Jennifer Ayers-Briseno, T. H. Gonzalez, Inc. Imports and Compliance Supervisor: Oh my God!!! I passed!!! I'm so relieved! A huge weight has been lifted. My company was founded by my great grandfather in 1937. From then it went to my grandfather and then to my mom (and dad, who actually got his license so that my mom could take over) and I am the next in line. I worried about something happening to my dad and not having my license to be able to take over the company. I'm not good at test taking which made the first test experience a nightmare. But, thanks to you and your team, I did it!!! I can relax for a while now. Thank you! God bless you. ... [Later] I passed my exam Oct 2011 and submitted my application in January 2012 after the official results came in. I just received my license yesterday morning (December 2013) through the Port of Laredo, Texas!

Timothy Rubiera, Livingston International, Inc. Manager Services Delivery: I passed the exam with a 76.25!! ... I told you that I HAD to pass!!! Thank you for your help ... I am looking forward to my new career thanks to your class (later) . . . I started working for a broker and am finally learning the practical side of being broker not just the theory, while I wait for my license to come. I remember sitting in the Boot Camp on the last day and you had asked everyone how they felt and if they thought they would pass or not. When it was my turn, all I had to say was "I have to", since I had spent thousands of dollars to keep myself afloat while I quit my job and solely focused on passing. With a little luck and your class, my dream had become a reality. I would not have had a fighting chance without The Best Customs Broker Course. I've had the opportunity to work for with the lead instructor's law firm on numerous occasions, taking me all over the country. To those thinking about

whether or not to take this course, please do so. The benefits of the knowledge along with the networking the Best Customs Broker Course possesses, it may also be the best decision of your life too.

Sheryl Cashmore: I passed the exam! I was home for a visit in June and found a letter from the government at the bottom of my junk mail. I almost tossed the entire pile but luckily I was wondering when my letter would make it to Hong Kong. I guess something went wrong and they sent it to San Diego but all's well that ends well - I passed!!! Now I'm waiting for my license application!! Thanks for all your help!!! Sure, you can use my testimonial.

Larry L. Burns, Siemens Industry, Inc. Export Control & Customs Industry Solutions and Mobility Divisions Manager: I received a phone call from CBP today telling me that they have reviewed the appeals and that my score is now 75!!! He said the letters are being signed and should be sent out in the next 2 weeks. I have my fingers crossed awaiting the arrival of my letter. Thanks again to the fabulous Best Customs Broker Course and the great workshop and homework assignments. . . . Yes, absolutely use my testimonial!! I cannot tell you how much of a difference the course made in me understanding the questions and sifting through to the correct answers. Thanks again for all you do!!

Travis Cook, American River Logistics: 86.25!!!! Finally!!!! After years of studying, sweat and tears, long nights, long days, and many attempts, I finally passed the Customs Broker License Examination with a 83.75% passing percent. Your classes have made a giant impact in my studying to pass this examination and move forward in my life! Tell all your students never to give up! Thank you so much for all your guidance!

Michael Dyll, Teclogistics: I passed. Thanks a lot for your help. I think I could have done it without you, but it would have taken me a lot more time and effort. The Best Customs Broker Course was extremely helpful. Thanks again.

Marco Marco Joffroy, Joffroy Group CTPAT Coordinator: I cannot say thank you enough! The Best Customs Broker Course and team are magnificent. Thank you for always being there when needed and for

supporting me through the process [Later] . . . We have not spoken since I gave you the great news that I passed my exam. I still can't believe it. I got hired by this great company and I'm steadily expanding my knowledge and experience in global logistics. . . . I am very grateful for your support and for your course. [Later] Thank you for inviting me to participate as a guest speaker. It was a pleasure to meet to your students, I am confident they will do great! The Best Customs Broker Course is essential for passing the exam, professional growth, and continues to be an excellent source for industry knowledge.

Olga Shturmakov, Promega Corporation Operations and Global Manager: I just got a call from our local customs office with the news that I passed the exam! I know it would not have been possible without The Best Customs Broker Course and your excellent boot camp! Thank you for the best training class I have ever had. I learned so much in the few days I was there and I honestly have no idea how I was even able to take the previous test in April without your explanations. The other course that I had taken prior to the April exam was nothing more than an overview of the topics without any meaningful practice of the actual questions and tests. Prior to the boot camp in San Antonio I dreaded classification questions. Now they are my favorite part of the whole test. It just makes sense now. Of course you can use my feedback and testimony! Feel free to contact me if any of your students may be interested to ask me any questions directly. Thank you very much.

Jennifer Hodge, Agility Logistics Import Coordinator: I am happy to announce that I received my letter on Saturday and passed!!!! I got a 75% so I was just on the nose. I wanted to thank you for the great Best Customs Broker Course and boot camps. I don't think I could have done this with out those.

Craig Holet, ERICO Intl. Corp. Transportation and Distribution: Based on newly-released CBP answers, I passed! The Best Customs Broker Course reminds you that you need time and discipline to pass this test. If you ever have a course in or around Cleveland (Columbus, Toledo, Pittsburgh, etc.) I'll be glad to be your guest speaker.

Eri Ohta, Sojitz Corporation of America Trade Compliance Specialist: I've received the attached letter from CBP!!!! Thank you, thank you, thank you again! I'm so happy now! Thank you so much! If I had not taken The Best Customs Broker Course, I could have never passed this exam. I am using what you taught us ever day in my job, especially your classification method. I am much more confident now. Thank you so so so much again!!! Please use my testimonial! I'm very happy if you do so.

Meloney Norris, Panalpina: YES!!!! I Passed. Thank you for everything. I made an 81.25. I am so HAPPY!!!! I hope I get my letter today. I want to see it in writing.

Luis Martinez, Cabrera Llamas Y Asociados: According to the official customs answer sheet I got an 84! I can't thank you enough. (months later: I just wanted to thank you for all your help! I FINALLY got my license! You were a huge help and I have been recommending your course left and right!)

Christine Allen, Market Lubbock Inc. Accountant: I compared the Custom's Answer sheet to my answers and I passed. I missed one more than previously thought compared to the class census and your answers, but I still passed. Woo hoo!

Bill Hopkins: Just wanted to write you and tell you how grateful I am for all the help provided by The Best Customs Broker Course. I received my letter yesterday informing me that I passed the exam with an 83.75, exactly what I said when you asked me on the last day of boot camp. Your course is excellent. Also, thank you for your moral support. Your positive attitude and encouragement helped me tremendously. And I also wanted to tell you that I actually enjoyed the Boot camp.

Michael Staub: I wanted to let you know that I received a letter from CBP stating I passed the April 2011 brokers exam. Thank you for all the help you gave me throughout The Best Customs Broker Course. Following the course and being on the conference calls really helped me achieve a great

understanding of the material. The biggest help during the exam was the cheat sheet I used. It was based on the one you sent me. It kept all the important material organized in a way I could find answers quickly. I am attaching a copy of it so others can use it. ... Yes, of course you can use my testimonial. Thanks for your help.

Greg Peebles: It is official - 82.5% grade. I finally passed! My sincerest thanks again for your class. You are Terrific! ... [later] ... Yes - I am VERY glad that I did not have to take this last exam! Thanks to you, I am already enjoying being a LICENSED CUSTOMS BROKER!

Marilyn Rodriguez, Mach 1 Global Services: I passed the exam on my first try with your help. Thank you!

Daniel Daniel Hong, Allergan Global Trade Compliance Legal Affairs Organization Import/Export Analyst: I passed! The Best Customs Broker Course teaches you discipline and how to manage your time. I took a lot of days off here and there just to study and make my notes. I also did a lot of the online quizzes during my lunch break.

Lorna Manrique, Exportalia Freight Forward, Inc. Office Manger: I did pass the exam (the second time around). I just wanted to thank you for the encouragement and helpful tips throughout... Again thank you!

Ana Luisa Fox, Sperian Export Compliance Manager: Yahoo, I'm in... I got 13 wrong! Thank you soo much... a colleague of mine is looking into getting her license. I'm sending her your way. The Best Customs Broker Course really worked for me.

Cynthia Coss, HTNB Bilingual Communications: I checked my answers against the answer sheet posted by CBP on the website and I got an 85! This was my first time taking it and I passed! Thank you very much - I could not have done it without The Best Customs Broker Course. I got a big picture idea of what it takes to pass this exam and I was able to fine tune my studying to make sure I had all my bases covered. Thank you for always being there to answer the hard questions. I just have to wait for my official letter now.

Randi Waltuck, Dell Global Trade & Compliance Director of North American Trade Operations: There is no way I could have passed without your guidance and help. Your prep class is great! THANK YOU! ... [Later] ... Guess what!!!!????? After 15 months I FINALLY got my license last week: YAY!!!!!!!!!! ... [Later] I sat for the October 2010 exam. It took DFW about 18 months - background check, interview, I moved, had to call several times to get it to the top of the pile - worth it! :-)

Arlene Mann, Corporate Import Manager Moog, Inc.: I PASSED!!!! I'm convinced that I passed because of the Boot Camp and your excellent guidance!" ... Later on LinkedIn: "I needed to come up to speed in record time on import compliance and decided to sit for the US Customs Broker Exam. Your expertise and CBE training program far exceeded my expectations. Not only did I pass the CBE in October 2010, but achieved the import compliance knowledge that I needed to obtain. Thank you ...you are fabulous!" Later on LinkedIn: For my first attempt, I studied independently using resources on the various websites. Although I graduated with a Industrial Engineering degree and completed my MBA (with honors), it should be a piece of cake...right? WRONG! . The key is being able to answer all the questions correctly within a four-hour period using multiple resources ... that is the challenge. Well, I didn't pass and realize that I needed a structured program. There are many courses out there and it is almost impossible to decide which one to use. What I knew is that I had a limited amount of time (we all have work, family, and outside responsibilities), and I needed someone to layout a plan of action for me to follow. The Best Customs Broker Course I chose had three elements that I believed made the difference. (1) A multi-day boot camp where all you did was focus on the exam, strategy, time management, and preparation of materials. This should be taken ASAP...do not wait until closer to the exam it provides you with a study map. (2) I needed someone that I could contact when I had questions. (3) Good web based materials for studying. The provider I choose had taken the old exams and had uploaded them on a random loop. So, for example, at lunch I could go in and quiz myself on past questions related to Part 141 (Entry of Merchandise). (4) Weekly check-ins with your instructor and HOMEWORK. Yes...HOMEWORK. I took 10 practice exams (40 hours)

in preparation before the actual test. I worked with the Best Customs Broker Exam Course and was confident walking in the exam and knew walking out that I passed. You are a task master and if you follow her plan to the letter, organize your materials, take the 10 last exams and correction exams...you will pass. (As mom said, nothing worthwhile comes easy.) Later e-mail: FYI! Just got a call from Customs Downtown Buffalo...my license has been issued by DC, they are sending it to me via registered mail. Long journey...but now at least part of it is completed. Application submitted 8/31/2012, license at Customs port 12/11/2012...hopefully in my hands by the end of this week. Four months...not too bad.

Ginia DiCicco, Cooper-Standard Automotive International Logistics Analyst: My port just called and said that I passed the exam. My first try and I got an 83.75%. Thanks for all of your help, I know I couldn't have done it without The Best Customs Broker Course. (months later: I just wanted to let you know that received my broker's license in the mail yesterday J)

Leon Sluis, Panalpina: I just got the great news (CBP called me!), I passed the brokers exam!!! They said I would get the letter on Monday confirming I passed. It is thanks to your fantastic Best Customs Broker Course that I was finally able to succeed. I tried two other courses previously to taking your course and they only got me close, yours put me over the top! I can't express how much appreciation I feel for your patient guidance and understanding. Thank you so much, I'll never forget you! I hope you have a wonderful weekend, and let me know if there is any way I can repay the debt of gratitude I feel for you. ... Of course you can use my testimonial! ... [Later] ... I am now working as a full time customs broker, making 25% more. I love this job, been working there for eight months now and learning a lot. Thank you again for your kind, patient instruction, and the time you spent with us students at the boot camp.

Gloria Padilla: Yessss, I passed the exam!!! Thank you for everything. The Best Customs Broker Course helped me get a passing score!!! I am very thankful, I don't know if I could have done it without your course.

As you recall, I began studying 5 weeks before the exam!!! I will always highly recommend your course! . . . [LATER] . . . Of course you may use my testimonial I am very thankful, I don't know if I could have done it without your course.... Considering I began studying 5 weeks before the exam!!! I will always highly recommend your course! . . . [LATER] . . . Thank you again for your great support during the time I took your course and boot camp. You are definitely a key person in my achievement, I just received my License, I can't be any happier. Even though I joined your course the last month before the exam, I learned a lot and I believe I couldn't have done it without it. It took almost two years from the time I applied for the license before I actually go it, my patience was well worth it.

Kevin Alexander, Acceleron Trade Services President: I received my letter today. I passed!! P.S., One thing I learned during the boot camp was how to use the statistical exam results to highlight the highly tested subject areas. I think this was very helpful as I proceeded to read the remaining sections of the regulations that I haven't read yet. Having passages highlighted drew my focus to them when I was reading regulations.

Ed Mitchell, Mach 1 Global Services Operations Manager: OK, you get to add one more pass to your statistics. I got the letter last night that I won on the appeal. Thank you.

Wendy Martinez,, Standard Aero: I took the test in Oct 2006 and passed!

Bernard VanHam, Snap-on Tools Import/Export Compliance Manager: I am pleased to report that CBP accepted my protest and have confirmed I passed the customs broker exam. Thanks for your help with the protest. . . [later]. . . It sounds like you have many success stories in passing the latest exam. CONGRATULATIONS to you & your students! Tell those you were not successful this time, not to give up & keep trying. The test is very difficult but the reward will be worth the effort. Lots of very good employment opportunities for LCB's.

Sara Gray: I passed the exam. I finally got the letter yesterday. Thank

you for your help. I wouldn't have passed without the class. This was the second time I took the exam, but the first time I took your class. I took an online course before my first attempt, but it wasn't very comprehensive. . . [later] . . . Yes, it will be fine if you want to use my testimonial. Thank you for your help!

Marsha Maier: I passed with an 80 on my first try – I can hardly believe it as I made a colossal blunder misreading "8" for "0" on one problem and a couple of other pretty careless mistakes.

Justen Strader, Safco Products Company International Transportation Supervisor: It's official... I received my letter on Monday and I Passed!! It was a close one, but passing is passing. Thank you for all the encouragement. The Best Customs Broker Course really helped.

Sonia Medina, Flegenheimer International Inc. Ocean Import Manager: YES!!!!!!!!!!!!!! I Passed. Thank you very much for your great coaching and support. I could not have done it had I not taken The Best Customs Broker Course.

Elizabeth Rivera, Subaru Export Administrator-Bilingual: I just received my letter and found out that I passed the exam on my first try. Although I panicked on the second half, I still made it. God is Great. Thank you for all your help. The Best Customs Broker Course was well worth it. Certainly you can use my testimonial. ... (months later: I wanted to let you know that today I received a call that my license is in. WooHooo!!!!)

Lisa Knerr, American Eagle Outfitters International Trade Compliance: I received my letter on Saturday and I did pass the exam. Thanks so much for all of your help! It was the first time taking your class. I had taken a different class for the first & second exam.

Andrea M. Ewart: I passed the exam on my first try! I just got my letter. It was by the skin of my teeth (and some luck, I think) but who

cares! :) Either way, couldn't have done it without you! I can't believe the amount of work you put into this! I feel truly blessed to have this support and I made the best of it. Thanks very much for all the help and support. And I have absolutely no problems with you using my testimonial. In fact, I insist :)

Laura Klevinsky, Intermatic Incorporated Trade Compliance Specialist: I wanted to let you know that my appeals did go through and I passed the October 2009 exam. It was a good feeling to know that I didn't have to sit for this past exam in April. Thank you again for all your support during my studies and assisting me with my appeals. I couldn't have done it without you!! ... Take care and thanks again for everything! You rock!! PS After finding out that my appeals went through, I was promoted two days later at work to a "Trade Compliance Specialist" How sweet it is!!

Joshua Spiegel, Trans-Border Global Freight Systems, Inc.: I just wanted to give you an update on my April 2009 exam. I had originally come up one question short of passing but was recently notified that my appeal resulted in the acceptance of 3 additional questions, so I passed. Thank you for your invaluable assistance. The course work and preparation were the key to my success. Of course you may use my testimonial. Thanks again for all the help.

Jessica Cadigan: I just received a call yesterday letting me know that I passed the April 2009 Customs Broker Exam!!! They gave me my appeal on question #24, and I passed, one question was all I needed! I wanted to let you know, I am very excited, thank you for all your help and always sticking by me through this hard, but rewarding process.

Thank you very much for all your help. I could not have done it without The Best Customs Broker Course. You really helped me stay on course and keep going with all the homework, practice exams and assignments. Really appreciate all your help and the boot camp! . . . [months later:] I finally received a call from the port on Friday that they received my license!!!! Finally .. I'm so happy!

Student: I got my letter in the mail today and I passed! I didn't do as well as I would've liked but a passing score is a passing score and I'll take it!, Thanks for all your help!

Christine Chen, Thermo Fisher Scientific Export Specialist: Thank you. I passed the April 2009 exam. Without your materials, I would not have been able to make it. Thank you!!,

Dick Beerman: I am proud to inform you that I passed the April 2008 exam with a 77.5. I'll take it considering it was done with one functioning eye! . . . [thirteen months later] I just got a call from CBP advising that my license is here. Thanks for helping me to get to this point. . . . [four months later] . . . I picked up my port permit and entry filer code. We are getting there but, boy, there are lots of stops before the goal is achieved. Tomorrow, I am going to start dealing with ABI issues. And, there is yet more to come! I had no vision of the struggle just to get started! God Bless you. You are a total jewel!

Student: I got my letter in the mail from customs yesterday. I passed!!!!!!

Aaron Smith, Smith Protective Services: "I passed the test! Thanks to you . . . and your wonderful staff I just wanted to thank you for giving me the proper footing to pass the Brokerage Exam. While I am a Texas attorney, I had no industry experience to rely upon for this exam. The Best Customs Broker Course Boot Camp course familiarized me with the usage of the Harmonized Tariff Schedule, and, equally as important, your

comprehensive list of tested regulations gave made the Code of Federal Regulations manageable. Lastly, I have to say that while I wasn't the best student due to several timing factors you were willing to work with me after I told you what they were - thank you for working with me so that I could get the most out of your course and pass the exam." . . . Months later, "I received my Broker's License, Thanks again for helping me over the hill. Your introduction to the HTS and comprehensive indexing of the exam questions made the difference for me."

Rebecca Guo, Rogers Corporation Trade Compliance Manager, Rogers Corporation: Just want to confirm with you: I got CBP's letter yesterday and I really passed!!! :). . . P.S. I talked to customs in Providence where I took the exam and she told me that of the 5 people taking the exam there, I am the only one who passed. The other 4 people were classmates from a broker exam course taught by a Boston law firm. They looked so prepared and organized the day of the exam that I was really worried ... Ha Ha. Thank you thank you thank you! . . . [months later . . .] I just went to pick up my license today. It was a very easy to get and it took only a short period of time. This is probably because I am the only one they have to deal with in the small state of Rhode Island. I was told I was the only one who passed in April, and nobody passed in October here. Your class rocks!!, Thank you very much and I have to update my resume now...:)

Emma Green, Leschaco, Inc. Import Agent: I can't believe it but . . . CBP called me and told me that I actually passed the test the 1st time I took it!!! . . . I wanted you to know.

Only 13 1/2 months after I passed - not to sound ungrateful."

I really appreciate your help and I am recommending The Best Customs Broker Course to other people here in the valley. ... Yes, you can use my quote, but please put it in capital letters because this was a big accomplishment for me! P.S. I am also a lawyer in Mexico (just fyi).

Grant Smith, Brady Corporation International Operations Trade Compliance Specialist: I had tried and failed the test several times. I finally passed. It is a great accomplishment. I do have advice for everyone who did not pass. First I would like to thank Ruth Rodriguez, she runs a program to help people learn to pass the exam. I took her class and did learn a lot. The most important thing I learned is do not give up. Do not stop or take a break from trying either. (months later: I am a very busy guy, and owe a good deal of my continuing success to the fact that I stuck to my plan and earned my brokers license. I can't make it to the Boot Camp to be your guest speaker, but I do travel a bit and visit Dallas at least once a year to do trade compliance audits of my company's

Dallas business unit. Please tell your students tests and a positive attitude are the keys to success.)

Angela Lee, Savitransport Logistics Manager: I received a letter on Friday and passed! I passed on the first try thanks to your program! I made it! Thank you!

Judy Zhan, American Hintech Shipping Department: The tears are still on my cheeks - uncontrollable joy. I made it. No one can believe I did this. I am almost 60 years old and came to the United States 13 years ago and began to learn English then. I got my citizenship on January 2008. I started studying for this exam before Xmas 2007. People who did not pass the exam - never give up. Instead, think about me! I made it.

Charles Kiboi, Dallas Semiconductor/Maxim: I just got my letter from Customs and I passed. Thank you for all the support. Your class helped a whole lot. Thank you again. . . . (months later) Good day, I finally got my License. Thank you again for all your help.

Brenda Cashion, VP - Operations, Pinnacle Interior Elements, Ltd.: I got 83.75%! . . . I couldn't have done it without your help & constant encouragement, the boot camp & conference calls. All the time spent within the group environment helped me to look at this process from many perspectives and that is why I feel that I passed. The group input was invaluable to me! You have a winning program & I hope for the sake of others contemplating The Best Customs Broker Course that you continue!

Gwen Ozieblo, Anna's Linnens: I passed! 82.5%!!!, Thanks for so much for everything! I'm so excited! I got the official letter Saturday! The Best Customs Broker Course, taking the practice exams over and over again

until I got at least a 96% on each one and being disciplined enough to study almost every day - those were all keys to passing, and on my first try! You always told me I could do it and you were right! Thanks again!

Aileen Mounetou: I just wanted to let you know that Customs accepted my appeals and so I passed! I'm so relieved. I wanted to thank you for all your help. I couldn't of done it without you. Now I can focus on my wedding without having to worry about the exam. Thank you so much.

Candita Meek, Texas Instruments Inc. Trade Compliance Manager: I ... passed the exam. ...While studying for this exam I often felt like the odds were stacked against me. I knew that the overall pass rates were low, and that many people had to take the exam multiple times before passing it. I had no practical import experience to draw from. I had not taken the exam previously, or even read the import regulations until I started your class. The structure of The Best Customs Broker Course and the focus on taking previous tests were invaluable in preparing me for exam day. Even while struggling with morning sickness, I was able to pass the exam on my first try. The review course & boot camps were well worth the time and money invested!

Sandra St. John, Texas Instruments Inc. Global Trade Compliance U.S. Import Manager: I just saw the posted answers today. This confirms my score of 76.25, which Customs told me last week. As you know I had taken the test previously, but that was before coming to your class. I know that without attending your class I would not have passed this go-round. The boot camps are invaluable. Taking the practice tests, which you have made as a class requirement, is a must. I was especially impressed with the "after test" support. While we were all waiting and worrying, you were getting us prepared for appeals and how to carry on to the next test if necessary. I highly recommend The Best Customs Broker Course to anyone who wants to take and pass the Customs Broker Exam.

Elsa Longoria, Robert F. Barnes Customs Brokers: I passed the Brokers exam with an 85! I wanted to call you and tell you how much I am very

grateful for your help and for motivating us. The boot camp was very very helpful. Thank you so much. The best to you in your work.

Mark Pinchok, Bayer Corporate and Business Services: I passed.. I got a 73.5 % and appealed 5 questions and won 2 of them. Thanks !!

Cheryl Woodyard , Coppersmith: I have confirmed with Customs that I passed the broker's exam with an 87.5%. Not bad for someone who had their car broken into and all their study materials stolen! My coursework and homework was very challenging but I don't believe I could have passed it without your encouragement and support. Your methods helped me to develop a exam strategy that helped me to succeed. The boot camp you conducted in Dallas was a tremendous leap in the right direction. Thanks for helping me pass the exam on the first try - The Best Customs Broker Course was worth every penny and I would highly recommend it to anyone!

Lori Gaze, SCM Solutions Corp Customs Broker: I just received my letter and I passed!!!!!! Thanks for all of your help. I would not have passed without the structure, encouragement and study advice your class offers. ... I can't believe I passed the first time!! ... [later] ... Just a note to let you know that I was presented with my license last Tuesday. Let me know if you need a speaker when you come to Houston. Thanks again for all of your help.

Aaron Hayes, Lockheed Martin Aeronautics: ... it appears that I have passed with an 85%. Thank you for providing the necessary elements, instruction and encouragement to achieve a passing grade.

Louis Wilhelm, Roberts Co.: It seems you have some very happy and excited students, well, guess what? You have one more to add to your list. According to the official results my score was 80%, I have to hand it to you without your program I would never have passed this test. Many thanks to you and your tireless work you have put into this course, you say it's a hobby I know it's more than that.

Nick Naylor, iFox Technologies, Inc.: I passed the exam with a score of 89%!!! What a relief. If it wasn't for taking all of those practice exams that The Best Customs Broker Course recommended and going through the program you have online (not to mention the boot camp), then I know I wouldn't have done anywhere near as well. Thanks for guiding my study time in the right direction. . . Thanks to your program and the study method, I only had to take the test once. The folks down at the Norfolk Customs House were impressed with that fact!

Carleton Edward Blankenburg: . . . You are more than welcome to use [my] quote in your marketing materials. I appreciate the fact that my passing the exam is a DIRECT result of The Best Customs Broker Course. .

. . I can't thank you enough for your help. I am so glad that I got that notice of your course from FITA back in February. . . I will wait for the letter, but it looks like I got a 79....I missed 17. The class made the difference.

Student: According to the answer, key I got 90%. I was able to pass on my first try. The Best Customs Broker Course was a big help! Thanks

Student: I passed the test!

Student: Thank you for all of your help guiding me down the right path. I passed the test this time! Attending the boot camp gave me the ability to focus my studies in the right direction. I would recommend your class to anyone taking the exam. Thanks Again, I passed due to your guidance at the boot camp.

Student: Even despite them invalidating 3 questions I changed and couldn't erase completely, I still passed. I wish I had gotten a rubber eraser. I wouldn't have been nearly as nervous waiting for the results as I was fairly confident I passed excluding the 3. I should have gotten an 80%, and the CBP officer said as much, but they had to invalidate all three questions, so I passed by one. . . . I must attribute my passing the exam to The Best Customs Broker Course and the boot camp. It got me organized, made me disciplined to study, and ultimately contributed to my success on the exam.

Student: I passed. I only missed 17, so I believe I did pass, BUT I would rather wait until receive the confirmation by mail to Celebrate!!

Student: I passed with an 83.75%.

Student: I just wanted to say Thanks to everyone who made this possible. If you are someone who is looking to pass the US Customs Broker Licensing Exam, I highly recommend The Best Customs Broker Course.

Student: I was notified that I passed the exam! Whoopieeee!!! I protested 4 questions and received credit for two of them. Thanks for all

|

your kind help and dedication for the last exam. Your support and drive was a great contribution in pulling me through.

Student: Great news! I just got my letter from CBP today on my protest and I passed . . . I received credit for two of the four Qs that I protested. Thanks again for everything! The Best Customs Broker Course will be highly recommended!

Student: I got my appeals back today and I passed! I am so glad I don't have to study this again for October! Thanks for the help!

Student: I received a call from CBP in Detroit - of those people who passed in Detroit (I would guess about 60 people took the exam in Detroit), I obtained the highest score. I just had to share the news!

Student: I received a letter this past Friday stating that I passed the exam! It certainly helped make for a nice weekend. Thanks again for your assistance throughout the class.

Student: I got my result back today. I passed the exam!!!! The chapter summaries and additional quizzes really did make all the difference for me this time. Thanks.

Student: I am so excited to let you know that I passed the Oct exam. God, I actually cried when I learned about the 4% passing rate last week. I still can't believe I am one of the 4%! Thank you much for your assistance and preparation for the exam.

Student: Your suggestion about checking the exams to see where you are weak and spending extra time studying those sections helped me the most. I am not a good test taker, but found in your class the help I needed to pass.

Student: Couldn't have passed without you!! :)

Student: Your class is an excellent compliment to the one taught at [the local community college]. I would be completely lost had I not taken that class, but I came in pretty cold!

Student: The Best Customs Broker Course was good for me because it kept me on a studying and test-taking schedule via the internet. Too bad I wasn't in Texas, I would have enjoyed the classes and meeting you.

Student: The results are in from my protest. I got the credit I needed to pass. ... Ain't God good!

Student: Customs gave me credit for the one ... that I protested, so I have officially passed the exam!!!! Thank you.
